County Judge and County Commissioners
Hunt County, Texas

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Hunt County, Texas (County) for the year ended September 30, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 4, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the County are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during year except for the effects of the adoption of GASB accounting standards. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the County's financial statements were:

Management's estimate of the collectible fees and fines related to judicial actions is based on the collections over the years including the applicable collections at the various levels of the court. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the other post-employment benefits liability is based on the actuarial study completed by the outside party. The determination of the liability is based on stated assumptions along with historical data of contributions and payments made. We evaluated the data submitted to the actuary and other relevant information used to develop

Michael E. Taylor
Certified Public Accountant

James A. Rutherford
Public Accountant (1917-2003)

Robert K. Lake
Certified Public Accountant

the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the pension liability is based on the actuarial study completed by the outside party for the pension trust. The determination of the liability is based on stated assumptions along with historical data of contributions and payments made. We evaluated the data submitted to the actuary and other relevant information provided and used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was :

The disclosure of cash and investment amounts in *Note B – Cash and Investments* to the financial statements. The note describes the types and amounts invested in the name of the County. The County utilizes various local government investment pools to obtain safe yet readily available access to invested amounts. The County also invests with local depositories.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 31, 2019.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to County's financial statements or a determination of the

type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to Management's Discussion and Analysis and Budgetary Comparison Schedule, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Restriction on Use

This information is intended solely for the information and use of the County Judge and Commissioner's Court and management of Hunt County, Texas and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

Members of the Court:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hunt County, Texas (County), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Hunt County, Texas as of September 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditor's Report – Continued

Change in Accounting Principle

As discussed in Note M to the financial statements, in 2018 the County adopted various accounting pronouncements issued by the Governmental Accounting Standards Board. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements as a whole. The schedules identified in the table of contents as other supplementary information are presented for the purpose of additional analysis, and are not a required part of the basic financial statements.

The other supplementary information schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 31, 2019, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Court:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hunt County, Texas (County), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 31, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Report on Internal Control – Continued

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Required Supplementary Information)

HUNT COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2018

As management of Hunt County, Texas (the County), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2018. This discussion includes comparative data for the prior year. Please read it in conjunction with the basic financial statements and related notes which immediately follow this discussion.

FINANCIAL HIGHLIGHTS

- The County's combined total net position is \$ 42,437,824 at September 30, 2018.
- For the year, the County's expenses were \$ 1,443,620 less than the \$ 44,075,861 generated in local property taxes and other revenues for governmental activities.
- Overall costs for the County were similar to prior years with little change in the types of services or programs operated this year.
- The General Fund reported a fund balance of \$ 19,418,156 which is an increase of \$ 2,734,844 from the prior year.
- The County executed debt agreements amounting to \$ 406,009 for various pieces of equipment.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Hunt County, Texas basic financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. The County's annual report includes two government-wide financial statements, the *Statement of Net Assets* and the *Statement of Activities*, both of which present all of the governmental activities of the County, excluding fiduciary activities. Governmental activities of the County include general government, judicial, public safety, corrections and rehabilitation, health and human services, community development, infrastructure and debt service. These activities are principally supported by local property and sales taxes. The County has no business-type activities.

The *Statement of Net Position* presents all of the County's assets and liabilities, with the difference between the two reported as Net Position. Net position is equivalent to the equity section of a private sector balance sheet. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. Evaluation of the overall economic health of the County would extend to other nonfinancial factors such as the County's property tax base and the condition of the County's infrastructure in addition to the financial information provided in this report.

The *Statement of Activities* presents information showing how the County's net position changed during the fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

HUNT COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2018

Fund Financial Statements, (Continued)

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on how cash resources flow into and out of those funds and the balances remaining at the year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, that requires the recognition of revenue when earned, only so long as the funds are collected within the period or soon afterwards to be used to pay liabilities of the current period.

It is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. This will present readers with a better understanding of the long-term impact of the government's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Equity provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The County adopts an annual budget for its General Fund. A budgetary comparison schedule has been provided as required supplementary information for this fund to demonstrate compliance with this budget.

Fiduciary funds. Fiduciary funds are used to account for resources held by the County in a custodial capacity as an agent on behalf of others. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to fund County programs. The fiduciary funds are disclosed in the Statement of Net Assets—Fiduciary Funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found following the fund financial statements presented in the report.

HUNT COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2018

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Statement of Net Assets:

The following table is a condensed Statement of Net Position as of September 30, 2018 and 2017.

<u>Summary of Statement of Net Position</u>			
	Governmental Activities		Total Percentage Change
	2018	2017	2017-2018
Assets			
Current and Other Assets	\$ 34,946,457	\$ 33,492,723	4.34%
Capital Assets	<u>29,497,083</u>	<u>30,549,024</u>	-3.44%
Total Assets	<u>\$ 64,443,540</u>	<u>\$ 64,041,747</u>	0.63%
Deferred Outflows of Resources			
Deferred Outflows	<u>\$ 1,627,782</u>	<u>\$ 4,961,297</u>	-67.19%
Liabilities			
Current and Other Liabilities	\$ 2,336,129	\$ 2,428,949	-3.82%
Non-Current Liabilities	<u>19,534,137</u>	<u>24,703,903</u>	-20.93%
Total Liabilities	<u>\$ 21,870,266</u>	<u>\$ 27,132,852</u>	-19.40%
Deferred Inflows of Resources			
Deferred Inflows	<u>\$ 1,763,232</u>	<u>\$ 875,988</u>	101.28%
Net Position			
Net Investment in Capital Assets	\$ 24,488,676	\$ 25,653,104	-4.54%
Restricted	364,477	435,711	-16.35%
Unrestricted	<u>17,584,671</u>	<u>14,905,389</u>	17.98%
Total Net Position	<u>\$ 42,437,824</u>	<u>\$ 40,994,204</u>	3.52%

As noted earlier, over time net position may serve as a useful indicator of a government's financial position. In the case of Hunt County, assets and other deferred outflows exceeded liabilities and other deferred inflows by \$ 42,437,824 at the close of the most recent fiscal year, an increase from the previous fiscal year due primarily to a combination of increased revenues and reductions in expenses. The largest portion of the County's net position represents investments in capital assets (e.g. road and bridge infrastructure; buildings and other improvements; furniture, machinery and equipment; and land), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to the individuals we serve; consequently, these assets are not available for future spending. An additional portion of the net position is restricted for specific and legal purposes. Included as restricted are the funds held for the repayment of debt. The remaining balance of unrestricted net position represents resources available for future operations.

HUNT COUNTY, TEXAS
 MANAGEMENT'S DISCUSSION AND ANALYSIS
 YEAR ENDED SEPTEMBER 30, 2018

GOVERNMENT-WIDE FINANCIAL ANALYSIS, (CONTINUED)

Governmental activities. Revenues for the County's governmental activities were \$ 44,075,861 up by 6.5% from the prior year while total expenses were \$ 42,632,241, up by 1.57% compared to the prior year. The increase in net position of \$ 1,443,620 reflects an increase of 3.52% for the year, from \$ 40,994,204 at the beginning of the year to \$ 42,437,824 at the end of the year. The following charts graphically display the components of governmental revenues and expenses for the year.

Revenues for the County's governmental activities totaled \$ 44,075,861 for the year ended September 30, 2018. As graphically portrayed above, the County continues to be heavily reliant on ad valorem taxes to support governmental operations. Ad valorem taxes increased slightly at 64% of the County's total governmental revenues. In general, the County's tax revenues are dependent on the property values and local economy of Hunt County, Texas. Sales and other taxes as a percentage of total revenues remained at 17% in the current period. Fees, fines and charges for services provided 13% of the County's total governmental revenues during the fiscal year compared to 14% in the prior year. Other components of total revenues remained relatively stable as compared to the prior year.

HUNT COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2018

GOVERNMENT-WIDE FINANCIAL ANALYSIS, (CONTINUED)

Expenses for the County's governmental activities totaled \$ 42,632,241 for the year ended September 30, 2018. Of this amount, the largest operating services areas were judicial which totaled \$ 10,636,605, for the year compared to \$ 10,968,948 in the prior year, approximately 25% for each year, and infrastructure which totaled \$ 8,810,401 for the year compared to \$ 7,755,541 for the prior year, increasing for the public infrastructure bond program currently in progress. Costs related to general government (\$ 7,638,185) and public safety (\$ 7,238,608) continued to absorb significant percentages of the County's total expenditures for the current year.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Governmental Funds -- The focus of the County's governmental funds is to provide information of near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

The County's governmental funds reflect a combined fund balance of \$ 29,794,749 as of year-end, up \$ 1,427,130 as compared to \$ 28,367,619 at the end of the previous fiscal year. Approximately 54% (\$ 16,017,558) of the combined fund balances for the governmental funds constitutes unassigned fund balance, which is available to meet the County's current and future operating needs. The other components of the fund balance are nonspendable (\$ 173,734), restricted (\$ 7,170,177), committed (\$ 3,206,341) or assigned (\$ 3,226,939).

The General Fund is the principal operating fund of the County and the largest source of day-to-day service delivery. In the General Fund, the County spent \$ 29,042,243 on County services and collected revenues of \$ 32,308,839, netting an increase of revenues over expenditures of \$ 2,734,844 for the fiscal year ended September 30, 2018 as compared to an increase of revenues over expenditures of \$ 1,406,244 during the previous fiscal year. Also during the current year, General Fund assets amounting to \$ 1,019,459 were transferred to other funds. Additionally, support of \$ 473,058 was received from other funds for support of General Fund activities. Overall, the General Fund's fund balance increased \$ 2,734,844 during the current year. This increase combined with a beginning fund balance of \$ 16,683,312, leaves the General Fund with a fund balance of \$ 19,418,156 as of September 30, 2018, an increase from the end of the previous fiscal year. Just over 82% of the General Fund equity is unassigned.

The Capital Projects Fund accounts for the debt proceeds issued for long term road improvements. Bonds totaling \$ 6,084,750 were issued to fund various road projects in the County in the previous year. Expenses totaled \$ 1,495,778 for the year offset by \$ 89,120 of investment and other income resulting in an ending fund balance of \$ 4,373,967. The equity balance is restricted and can only be used as described in the bond covenants.

Other Governmental Funds ended the year with a fund balance of \$ 6,002,626, up 2% from the balance of \$ 5,903,682 at September 30, 2017. 47% or \$ 2,796,210 of the year-end fund balance is restricted for debt service and other outside controlled items. Most of the remaining 53% (\$ 3,206,341) of the fund balance is committed.

General Fund Budgetary Highlights

The General Fund expenditure budget for fiscal year 2018, as amended, was \$ 32,925,637 compared to \$ 28,731,322 for fiscal year 2017. Amendments to the original 2018 budget increased revenues by 3.7% and expenditures by 2.6%. Significant budget amendments approved by the Commissioners Court during the period ended September 30, 2018 are as follows:

- General Government budget increased by \$ 785,932. This line item budgets for contingency expenses that cannot be anticipated during the budgeting process. The budget increase represents additional amounts that were expected to be needed during the year because of higher than normal transfers of budgetary authority to other budget areas to cover unanticipated costs including software upgrades.

HUNT COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2018

General Fund Budgetary Highlights, (Continued)

- Judicial budget increased by \$ 66,848 due largely to additional costs of court appointed attorneys in the District and County courts and capital offense trials as well as judicial court computer software upgrades.
- Public Safety budget increased by \$ 22,235 due mainly to increased costs related to vehicles, tools, equipment, supplies and certifications related to law enforcement, along with increased costs for autopsy and transport of bodies.

Actual revenues for the year were \$ 32,308,839 or \$ 2,413,536 greater than expectations primarily due to higher than expected revenues from sales taxes and other taxes reduced by reductions in fees collected. In addition, General Fund expenditures amounted to \$ 29,042,243 or \$ 3,883,394 under budget. All functional areas came in within budget.

Further comparison of the County's actual operating results as compared to budget can be found in the required supplementary information section of the report following the notes to the financial statements.

Capital Assets and Debt Administration

Capital Assets. The County's investment in capital assets for its governmental activities funds as of September 30, 2018 amounts to \$ 29,497,083 compared to \$ 30,549,024 at September 30, 2017 (net of accumulated depreciation). Capital Assets include land, buildings and improvements, road and bridge infrastructure, and furniture, machinery and equipment which are used by the County in performance of the County's functions. During the year, \$ 984,854 was added to buildings, roads, furniture, machinery, and equipment for courthouse renovations, roads, automobiles and trucks offset by deductions of \$ 194,551 related to disposals of vehicles and heavy equipment. Depreciation provided for the current fiscal period was \$ 2,036,793 as compared to \$ 2,298,671 for the year ended September 30, 2017. Additional information on capital assets can be found in Note C of this report.

Long-term Debt. As of September 30, 2018, the County had total long-term debt outstanding of \$ 10,758,136, of which \$ 6,520,000 was general obligation refunding bonds and \$ 1,915,000 was tax notes. The remainder of the County's long-term debt is primarily amounts due to the state for sales tax overpayments. In total, long-term debt decreased \$ 1,283,485 from the previous year-end balance of \$ 12,041,621. The County believes they are currently in compliance with all significant debt limitations and restrictions. Additional information on the County's long-term debt can be found in Note D of this report.

HUNT COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2018

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Hunt County Commissioner's Court considered many factors when setting the fiscal year 2018/2019 budget, tax rates and fees that will be charged for its activities. The key factors that affected the formulation of next year's budget and rates are discussed below.

The County's total population continues on a steady upward trend increasing to approximately 98,000 for 2018, up by 28% from the year 2000 level of 76,596. In recent years, the County has experienced relatively low inflation rates which have closely followed the national trends. In compiling next year's budget, no significant change in the inflation rate was anticipated.

Amounts available for appropriation in the 2018/2019 General Fund budget are \$ 32,374,208, an increase of less than 1% from the prior year budget of \$ 32,274,660. An increase in the County's tax roll allowed the County's tax rate per \$100 of valuation to remain steady for fiscal year 2018/2019 as compared to the prior year. The County will use available revenues to finance services we currently offer and the effect that we expect inflation and other economic factors to have on the cost of performing County functions. Significant factors that affected the 2018/2019 budget include increased investment earnings along with increases in the County's wages, employee retirement costs, unemployment insurance, health insurance, and worker's compensation insurance. No other major new services or programs were added to the 2018/2019 budget.

There appears to be a potential for structural problems for the County's criminal justice center. As of the report date, the cost of any necessary repairs, if any, has not been determined. No liability is reflected in the County's balance sheet for this contingency at September 30, 2018. The County received funds from plaintiffs in settlement of various actions and claims. These funds have been assigned by the Commissioners Court to provide for future repairs to the center.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of Hunt County's finances for all of those with an interest in the County's finances. Questions concerning this report or requests for additional financial information should be directed to Tammi Byrd, County Auditor, located in the Hunt County Auditor's Office, located at 2500 Lee Street, Greenville, TX 75401.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

A. Summary of Significant Accounting Policies

The financial statements of Hunt County, Texas (County) included in the accompanying basic financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following notes to the financial statements are an integral part of the County's Basic Financial Statements.

Financial Reporting Entity

Hunt County, Texas is a public Corporation and political subdivision of the State of Texas. The Commissioner's Court, which is made up of four commissioners and the County Judge, is the general governing body of the County in accordance with Article 5, Paragraph 18 of the Texas Constitution. The County provides the following services as authorized by the statutes of the State of Texas: general administration, tax and recording (e.g. tax collection), judicial (courts, juries, County attorney, county attorney, etc), public safety (sheriff, jail, etc), transportation, facilities and public service (e.g. rural fire protection and emergency management.

As defined by accounting principles generally accepted in the United States of America (GAAP) that are established by the Governmental Accounting Standards Board (GASB), the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

The accompanying financial statements present the Hunt County, Texas (County), the primary government and its component units. The financial data of the component units are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Component units described below are each legally separate organizations from the County, but are so intertwined with the County that they are, in substance, the same as the County. They are reported as part of and accountable to the County and blended into the government-wide and fund financial statements. The Hunt County Juvenile Probation Board operates the juvenile probation department and detention center. The County owns and provides the operation and employees of the detention center.

Basic Financial Statements

In accordance with GASB Statement No. 34 – *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, the basic financial statements include both government-wide and fund financial statements.

Government-Wide Financial Statements (Statement of Net Position and Statement of Activities) – report on the County and its component units as a whole, excluding fiduciary activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All activities, both governmental and business-type, are reported in the government-wide financial statements using the economic resources measurement focus and the accrual basis of accounting, which includes long-term assets and receivables as well as long-term debt and obligations. The government-wide financial statements focus more on the sustainability of the County as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

A. Summary of Significant Accounting Policies – (Continued)

Generally, the effect of interfund activity has been removed from the government-wide financial statements. Net interfund activity and balances between governmental activities and business-type activities are shown in the government-wide financial statements.

Government-Wide Statement of Net Position – reports all financial and capital resources to the County (excluding fiduciary funds). It is displayed in a format of assets less liabilities equals' net position, with the assets and liabilities shown in order of their relative liquidity. Net position is required to be displayed in three components: 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Net Investment in capital assets are capital assets net of accumulated depreciation and reduced by outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Restricted net position are those with constraints placed on their use by either: 1) external imposition by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or 2) imposition by law through constitutional provisions or enabling legislation. All net position not otherwise classified as restricted, are shown as unrestricted. Generally, the County would first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Government-Wide Statement of Activities – demonstrates the degree to which both direct and indirect expenses of the various function and programs of the County are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or identifiable activity. Indirect expenses for administrative overhead are allocated among the functions and activities using a full cost allocation approach and are presented separately to enhance comparability of direct expenses between governments that allocate direct expenses and those that do not. Interest on general long-term debt is not allocated among separate functions. Program revenues include: 1) Fees, fines and charges paid by those who benefit from goods, services or privileges provided by a particular function or program and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes, unrestricted investment income and other revenues not identifiable with particular functions or programs are included as general revenues. The general revenues support the net costs of the functions and programs not covered by program revenues.

Also, part of the basic financial statements are fund financial statements for governmental funds. The focus of the fund financial statements is on major funds, as defined by GASB Statement No. 34. Although this reporting model sets forth minimum criteria for determination of major funds (a percentage of assets, liabilities, revenues, or expenditures/expenses of fund category and of the governmental and enterprise funds combined), it also gives governments the option of displaying other funds as major funds. Other nonmajor funds are combined in a single column on the fund financial statements.

The County reports the following major governmental funds:

General Fund – is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Capital Projects Fund – accounts for the activity of funds received from the issuance of bonded debt for capital projects in the County.

There are various other funds which the County uses to account for specific types of funds which are reported as other non-major governmental funds. These funds include various special revenue funds such as road and bridge funds, various records management funds and funds related to the juvenile probation activities. In addition, debt service funds include tax proceeds restricted to debt retirement and capital projects funds such as the right of way fund.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

A. Summary of Significant Accounting Policies – (Continued)

The County reports the following fiduciary funds:

Agency Funds – are custodial in nature and represent balances held for others. These agency funds are under the control of the various public officials of the County with all benefits forwarded to the public and others in the County.

Measurement Focus and Basis of Accounting

The governmental fund financial statements are prepared on a current financial resources measurement focus and modified accrual basis of accounting. To conform to the modified accrual basis of accounting, certain modifications must be made to the accrual method. These modifications are outlined below:

1. Revenue is recorded when it becomes both measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Revenue considered susceptible to accrual includes: property taxes, sales and use taxes, licenses, fees and permits, intergovernmental revenues, charges for services, fines, forfeits and penalties, and interest.
2. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.
3. Disbursements for the purchase of capital assets providing future benefits are considered expenditures. Bond proceeds are reported as another financing source.

With this measurement focus, operating statements present increases and decreases in net current assets and unreserved fund balance as a measure of available spendable resources.

This is the traditional basis of accounting for governmental funds and also is the manner in which these funds are normally budgeted. This presentation is deemed most appropriate to: 1) demonstrate legal and covenant compliance, 2) demonstrate the sources and uses of liquid resources, and 3) demonstrate how the County's actual revenues and expenditures conform to the annual budget. Since the governmental funds financial statements are presented on a different basis than the governmental activities column of the government-wide financial statements, a reconciliation is provided immediately following each fund statement. These reconciliations briefly explain the adjustments necessary to transform the fund financial statements into the governmental activities column of the government-wide financial statements.

The fiduciary funds financial statements are prepared on the same basis (economic resources measurement focus and accrual basis of accounting) as the government-wide financial statements. The fiduciary funds are not included in the government-wide financial statements.

Cash and Investments

The County pools available cash from all funds for the purpose of increasing income through investment activities. Investments in U.S. government and agency securities are carried at fair value based on market prices.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

A. Summary of Significant Accounting Policies – (Continued)

For purposes of the basic financial statements, the County considers cash equivalents to be highly liquid short-term investments that are readily convertible to known amounts of cash and mature within ninety days of the date they are acquired. Cash and cash equivalents are included in the financial statement classification cash and investments.

Capital Assets

Under GASB Statement No. 34, all capital assets, whether owned by governmental activities or business-type activities are recorded and depreciated in the government-wide financial statements. No long-term capital assets or depreciation are shown in the governmental funds financial statements. General infrastructure assets are long-lived capital assets that normally can be preserved for a significantly greater number of years than most capital assets and that normally are stationary in nature, including roads, bridges, drainage systems and street lighting systems.

Capital assets, including general infrastructure assets are defined as assets with an initial, individual cost of more than \$ 10,000 and an estimated useful life greater than one year. Capital assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

Major outlays for capital assets and improvements are capitalized as the projects are constructed. Interest incurred during the construction phase of projects is reflected in the capitalized value of the asset constructed for proprietary funds.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Building, structures and improvements	27.5 to 40 years
Equipment, including vehicles	3 to 20 years
Infrastructure	15 to 40 years

Pension Plan

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the Fiduciary Net Position of the Texas County and District Retirement System (the TCDRS) and additions to/deductions from TCDRS' Fiduciary Net Position have been determined on the same basis as they are reported to TCDRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Compensated Absences

A liability for unused vacation and comp time for all full-time employees is calculated and reported in the government-wide statements. For financial reporting, the following criteria must be met to be considered as compensated absences:

1. Leave or compensation is attributable to services already rendered.
2. Leave or compensation is not contingent on specific event (such as illness).

Per GASB Interpretation No. 6 liabilities for compensated absences are recognized in the fund statements to extent the liabilities have matured (i.e. are due for payment). Compensated absences are accrued as long-term debt in the government-wide statements.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

A. Summary of Significant Accounting Policies – (Continued)

Upon termination from the County employment, an employee that has completed six months of employment shall be entitled to payment for total accrued but unused days of vacation. Comp time earned, but not taken, is paid at termination, but cannot accumulate beyond County specified limits. Once the maximum number of compensatory hours has been accumulated, employees are paid immediately for any additional compensatory hours earned. Sick leave accrues at a rate of 10 hours per month or 120 hours per year up to a maximum of 480 hours, but compensation is paid only for an illness-related absence. Unused sick leave is non-vesting and will not be paid on termination, thus vacation and comp time is the only accrued compensation liabilities recorded.

Fund Balances

Governmental funds utilize a fund balance presentation for equity. Fund balance is categorized as nonspendable, restricted, committed, assigned or unassigned.

Nonspendable fund balance – represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaids) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted fund balance – represents amounts with external constraints placed on the use of these resources (such as debt covenants, grantors, other governments, etc.) or imposed by enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

Committed fund balance – represents amounts that can only be used for specific purposes imposed by a formal action of the County's highest level of decision-making authority, the Commissioners Court. Committed resources cannot be used for any other purpose unless the Commissioners Court removes or changes the specific use by taking the same formal action that imposed the constraint originally.

Assigned fund balance – represents amounts the County intends to use for specific purposes as expressed by the Commissioners Court or an official delegated the authority. The Commissioners Court has delegated the authority to assign fund balances to the County Judge and County Auditor acting jointly.

Unassigned fund balance – represents the residual classification for the general fund or deficit balances in other funds.

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance, and lastly, unassigned fund balance.

The policy includes minimum fund balance targets for the General Fund and Debt Service Fund. The General Fund unassigned fund balance is targeted to be 13% to 15% of budgeted expenditures for the year which will serve to provide for unexpected events and unanticipated needs. The debt service fund restricted fund balance is targeted as 10% - 20% of the following years debt service requirements.

HUNT COUNTY, TEXAS

Budgetary Principles

The County is required by law to adopt an annual budget on or before the 1st day of its fiscal year. The County Judge and the County Auditor submit an annual budget to the Commissioner's Court in accordance with the laws of the State of Texas. The General and Debt Service governmental fund types have legally adopted budgets. From the effective date of the budget, the amounts stated therein as proposed expenditures become appropriations to the various County departments. Throughout the fiscal year the budget was amended to add supplemental appropriations. All amendments to the budget which change the total appropriation amount for any department require County Commissioner's Court approval.

Each fund's approved budget is prepared on a detailed line item basis. Revenues are budgeted by source. Expenditures are budgeted by department and class as follows: personnel services and related fringe benefits, supplies, other services and charges, capital outlay, transfers and debt service. Expenditures may not exceed appropriations at the department level. Within this control level, management may transfer appropriations between line items. Budget revisions and the line item transfers are subject to final review by the Commissioners Court. Revisions to the budget were made throughout the year. Unexpected appropriations for annually budgeted funds lapse at fiscal year-end.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

A. Summary of Significant Accounting Policies – (Continued)

GASB Statement No. 34 requires that budgetary comparison statements for the General Fund and other major special revenue funds with legally adopted budgets be presented in the basic financial statements. The statements are identified as required supplementary information. These statements must display original budget, amended budget and actual results (on a budgetary basis).

Property Taxes

Property taxes are levied by October 1, in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the October 1 levy date. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties and interest ultimately imposed. Property tax revenues are considered available when collected within the current period or expected to be collected soon enough thereafter (60 days) to be used to pay liabilities of the current period.

Property taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectibles within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Section 33.05, Property Tax Code, requires the tax collector for the County to cancel and remove from the delinquent tax rolls a tax on real property that has been delinquent for more than 20 years or a tax on personal property that has been delinquent for more than 10 years. Delinquent taxes meeting this criteria may not be canceled if litigation concerning these taxes is pending.

The County levied taxes on property within the County at \$ 0.482898 to fund general operations including road and bridge activities and \$ 0.029571 for the payment of principal and interest on long term debt. The rates were levied on property assessed totaling \$ 5,459,163,042.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. As such, actual results could differ from those estimates.

B. Cash and Investments

The County's funds are deposited and invested under the terms of a depository agreement. The agreement requires the depository to pledge approved securities in an amount significant to protect the County's day-to-day balances. The pledge is waived only to the extent of the dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance. At September 30, 2018, all County cash deposits were covered by FDIC insurance or by pledged collateral held by the County or by the depository in the County's name. The County's deposits appear to have been properly secured throughout the fiscal year.

The County is required by Government Code Chapter 2256, The Public Funds Investment Act (Act), to adopt, implement and publicize an investment policy. That policy must be written, primarily emphasize safety of principal and liquidity, address investment diversification, yield and maturity and the quality and capability of investment management, include a list of the types of authorized investments in which the investing entity's funds may be invested and the maximum allowable stated maturity of any individual investment owned by the entity.

The Act requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the County appears to have adhered to the requirements of the Act. Additionally, investment practices of the County were in accordance with local policies.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

B. Cash and Investments -- (Continued)

The Act determines the types of investments which are allowable for the County. These include, with certain restrictions, obligations of the U.S. Treasury, certain U.S. agencies and the State of Texas, certificates of deposit, certain municipal securities, money market savings accounts, repurchasing agreements, bankers' acceptance, mutual funds, investment pools, guaranteed investment contracts and common trust funds.

The County's investments at year end are shown below:

<u>Investment or Investment Type</u>	<u>Interest Rate</u>	<u>Credit Rating</u>	<u>Fair Value</u>
TexSTAR	1.9995%	AAAm	\$ 2,785,816
TexPool	1.9953%	AAAm	4,732,779
LOGIC	2.2112%	AAAm	12,664,229
Certificates of Deposit	1.25%	n/a	1,096,754
Total investments			<u>\$ 21,279,578</u>

The County has investments with the following public funds investment pools as of year end:

Texas Local Government Investment Pool (TexPool) has been organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. These two acts provide for the creation of public funds investment pools and permit eligible governmental entities to jointly invest their funds in authorized investments.

The Comptroller of Public Accounts (Comptroller) is the sole officer, director and shareholder of the Texas Treasury Safekeeping Trust Company, (Trust Company), which is authorized to operate TexPool. Pursuant to the TexPool Participation Agreement, administrative and investment services to TexPool are provided by Federated Investors, Inc. (Federated), under an agreement with the Comptroller, acting on behalf of the Trust Company.

The Comptroller maintains oversight of the services provided to TexPool by Federated. In addition, the TexPool Advisory Board advises on TexPool's Investment Policy and approves any fee increases. As required by the Public Funds Investment Act, the Advisory Board is composed equally of participants in TexPool and other persons who do not have a business relationship with TexPool who are qualified to advise TexPool.

The fund is rated AAAM by Standard & Poor's rating agency. This rating is the highest principal stability fund rating assigned by Standard & Poor's. This rating as well as the operational policies and procedures allow the fund to comply with the requirements of the Public Funds Investment Act.

Texas Short Term Asset Reserve Program (TexSTAR) has been organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. These two acts provide for the creation of public funds investment pools (including TexSTAR) and authorize eligible governmental entities (Participants) to invest their public funds and funds under their control through the investment pools.

J. P. Morgan Investment Management, Inc. (JPMIM) and First Southwest Asset Management, Inc. (FSAM) serve as co-administrators for TexSTAR under an agreement with the TexSTAR board of directors (Board). JPMIM provides investment services, and FSAM provides participant services and marketing. Custodial, transfer agency, fund accounting and depository services are provided by JPMorgan Chase Bank and/or its subsidiary J.P. Morgan Investor Services Co.

The Board may establish separate Funds within TexSTAR from time to time. Participants choose the Funds in which their deposits are invested. Participants' assets in the Funds are represented by units of beneficial interest (units). The Board may issue an unlimited number of units in each Fund.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

B. Cash and Investments – (Continued)

TexSTAR is rated AAAM by Standard & Poor's rating agency. This rating and the fund's operational settings allow the fund to comply with the requirement of the Public Funds Investment Act.

Local Government Investment Cooperative (LOGIC) was organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and operates under the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. The Public Funds Investment Act allows eligible local governments, state agencies, and nonprofit corporations of the State of Texas to jointly invest their funds in permitted investments.

The Cooperative's governing body is a six-member Board of Directors (Board) comprised of employees, officers or elected officials of participant Government Entities or individuals who do not have a business relationship with LOGIC and are qualified to advise it. A maximum of two advisory board members represent the Co-Administrators of LOGIC.

Day to day administration of LOGIC will be performed by First Southwest, a division of Hilltop Securities Inc. and JPMorgan Chase Investment Management, Inc. First Southwest will provide administrative, participant support and marketing services. JPMorgan Chase will provide investment management, custody, fund accounting and transfer agency services.

Portfolios will maintain a AAA or equivalent rating from at least one nationally recognized rating agency in compliance with the requirements of the Public Funds Investment Act. Class A Units of LOGIC I are currently rated AAAM by Standard & Poor's.

GASB Statement No. 40 requires a determination as to whether the County was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized agencies are designed to give an indication of credit risk. At year end, the County was not significantly exposed to credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the County's name.

Investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the County's name. At year end, the County was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the County was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the County was not exposed to interest rate risk.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the County was not exposed to foreign currency risk.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

C. Capital Assets

Capital asset activities during the fiscal year were as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Nondepreciable Assets:				
Land	\$ 897,896	\$ -	\$ -	\$ 897,896
Total	\$ 897,896	\$ -	\$ -	\$ 897,896
Depreciable Assets:				
Buildings and Improvements	\$ 25,376,911	\$ -	\$ -	\$ 25,376,911
Roads and Infrastructure	45,081,007	210,613	-	45,291,620
Furniture, Machinery and Equipment	14,226,528	774,241	194,551	14,806,218

Total Governmental Activities Capital Assets	\$ 30,549,022	\$ (1,051,939)	\$ -	\$ 29,497,083

Depreciation was charged to governmental activities functions as follows:

Governmental Activities:	
General Government	\$ 241,790
Judicial	174,874
Public Safety	371,592
Corrections and Rehabilitation	301,689
Health and Human Services	5,744
Infrastructure	941,104
Total	\$ 2,036,793

D. Long-Term Obligations

The County's long-term debt consists of permanent improvement bonds issued to finance the construction of a new County jail facility; general obligation bonds issued to finance the renovation of the County courthouse facility, and capital lease agreements used to finance the purchase of heavy road equipment, energy saving equipment, and data processing software. Other long-term debt consists of the accrued liability for employee-vested compensated absences, unamortized bond premium and other post-employment benefits.

Loans	1,955,000	-	40,000	1,915,000	40,000
Leases	609,510	406,009	367,704	647,815	327,937
Total	\$ 12,041,621	\$ 911,460	\$ 2,194,945	\$ 10,758,136	\$ 1,446,116

Bonds

At year end, the County has outstanding the following obligation bonds originally issued for acquisition and construction of capital improvements in the County. General obligation debt has been issued for general government activities.

Bonds are direct obligations and pledge the full faith and credit of the County. Bonds outstanding at year end are as follows:

	Interest Rate	Date of Maturity	Original Issue	Balance Outstanding
Refunding Bonds, Series 2015	1.35%	2019	\$ 3,955,000	\$ 1,010,000
Permanent Improvement Bonds, Series 2017	2.49%	2037	5,795,000	5,510,000
Totals				\$ 6,520,000

Maturity requirements on the outstanding bonded debt listed above are as follows:

Year Ending September 30	Principal	Interest	Total Requirements
2019	\$ 1,020,000	\$ 186,973	\$ 1,206,973
2020	10,000	179,350	189,350
2021	15,000	178,975	193,975
2022	15,000	178,525	193,525
2023	290,000	172,499	462,499
2024-2028	1,585,000	678,300	2,263,300
2029-2033	1,845,000	403,125	2,248,125
2034-2037	1,740,000	106,950	1,846,950
Totals	\$ 6,520,000	\$ 2,084,697	\$ 8,604,697

Authorized but Unissued Bonds

The voters in the County authorized the following bonded debt. Amounts unissued at year end are as follows:

<u>Purpose</u>	<u>Election Date</u>	<u>Amount Authorized</u>	<u>Amount Previously Issued</u>	<u>Amount Being Issued</u>	<u>Unissued Balance</u>
Road Projects	11/8/2016	\$ 24,420,000	\$ -	\$ 6,000,000	\$ 18,420,000

Compliance with Debt Covenants

There are various limitations and restrictions contained in the County's bonded debt obligations. The County believes they are in compliance with all significant limitations and restrictions.

Loans

The County issued various agreements identified here as loans. These loans include financing arrangements including maintenance tax notes. The Notes mature annually along with interest paid semi-annually. The interest rate is 2.05% and the Notes will fully mature March 1, 2022.

The following schedule lists the outstanding loans at year end:

<u>Description</u>	<u>Interest Rate</u>	<u>Original Amount</u>	<u>Outstanding Balance</u>
Hunt County, Texas, Tax Notes, Series 2015	2.05%	\$ 2,035,000	\$ 1,915,000

Maturity requirements on outstanding loans are as follows:

<u>Year Ending September 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Requirements</u>
2019	40,000	38,847	78,847
2020	615,000	32,133	647,133
2021	625,000	19,424	644,424
2022	635,000	6,509	641,509
Totals	\$ 1,915,000	\$ 96,913	\$ 2,011,913

Comptroller Overpayment

In prior years, the County received notification from the State of Texas of chargebacks on sales tax collections remitted to the County. The notice identifies chargebacks from March 2002 through September 2011. The total chargebacks, \$ 924,847 will be reduced by \$ 18,487 for service fees retained by the County leaving a net balance to be refunded to the State of \$ 906,360. The State agreed to a 40 year payback period beginning April 2015 in the amount of \$ 1,888.23 monthly with no interest or penalty charged the County.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

D. Long-Term Obligations - (Continued)

The County received notification from the State of additional sales tax chargebacks totaling \$ 213,111 during the 2015 year. The State has allowed a 6 year repayment term beginning in the 2017 fiscal year. No interest is to be incurred on this repayment schedule. The repayment terms require 72 monthly payments of \$ 2,960 with the final payment to be made September 2022.

Capital Leases

The County is obligated under certain leases accounted for as capital leases. The leases recorded here meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, "Accounting for Leases," which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee.

The following schedule lists personal property leased:

Description	Interest Rate	Original Amount	Outstanding Amount
BB&T Financing - Motor Grader	2.962%	\$ 245,950	\$ 222,018
John Deere Financial - Motor Grader	5.25%	160,059	160,059
BB&T Financing - Equipment	1.33%	336,012	37,834
Signature Public Finance - Boom Mower	1.54%	212,848	26,966
Signature Public Finance - Motor Grader/Truck	1.71%	351,968	200,938
Total			\$ 647,815

The lease terms are for monthly payments over less than 48 and ending December 2020. The terms call for monthly payments over the life of the leases.

Commitments under capitalized lease agreements for facilities and equipment provide for minimum future lease payments as of year end are as follows:

Year Ending September 30	Total Requirements
2019	\$ 344,711
2020	279,759
2021	48,304
Total Minimum Lease Payment	\$ 672,774
Less Amount Representing Interest	(24,959)
Present Value of Minimum Lease Payments	\$ 647,815

Compensated Absences

Compensated absences are paid from the fund responsible for the employee's compensation with significant liabilities payable from the General Fund.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

E. Commitments and Contingencies

Litigation – The County's outside counsel has indicated that there are various lawsuits filed and pending against the County, the majority of which should not result in an unfavorable outcome or have a material effect on the County's financial position. As such no contingent liability has been estimated.

Grants – The County participates in grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the County has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable may be impaired. In the opinion of the County, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

Other – There appears to be a potential for structural problems for the County's criminal justice center. As of the report date, the cost of any necessary repairs, if any, has not been determined. No liability is reflected in the County's balance sheet for this contingency as of September 30, 2018. The County received funds from plaintiffs in settlement of various actions and claims. These funds have been set aside by the Commissioners Court to provide for future repairs to the center.

F. Pension Plan

Plan Description – The County provides pension, disability and death benefits for all of its full-time employees through a statewide, multiple-employer, public-employee retirement system through the Texas County District Retirement System (the TDRS). The system serves 677 actively participating counties and districts throughout Texas. Each employer has its own defined benefit plan that functions similarly to a cash balance plan. The assets of the plans are pooled for investment purposes, but each employer's plan assets may be used only for the payment of benefits to the members of that employer's plan. In accordance with Texas law, it is intended that the pension plan be construed and administered in a manner that the retirement system will be considered qualified under Section 401(a) of the Internal Revenue Code. All employees (except temporary staff) of a participating employer must be enrolled in the plan. The TCDRS issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The plan provisions are adopted by the governing body of the County, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service or with 30 years regardless of age, or when the sum of their age and years of service equals 75 or more. A member is vested after 8 years but must leave his accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Contributions – The County has elected the annually determined contribution rate (ADCR) plan provisions if the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually.

Employees of the County were required to contribute 7.0% of their annual gross earnings during the fiscal year. The contribution rates for the County were 10% and 10.49% in calendar years 2017 and 2018, respectively. The County's contributions to TCDRS for the year ended September 30, 2018 were \$ 1,619,194 and were equal to the required contributions.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

F. Pension Plan (Continued)

Discount Rate – The discount rate used to measure the total pension liability was 8.1%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investment is 8.1%. The long-term expected rate of return is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2018 information for a 10 year time horizon.

Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2017.

F. Pension Plan (Continued)

Changes in the Net Pension Liability – At December 31, 2017, the County reported a net pension liability/(asset) of \$ 5,996,840. The changes in net pension liability (asset) were as follows:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balance at 12/31/16	\$ 65,204,673	\$ 59,207,833	\$ 5,996,840
Changes for the year:			
Service cost	2,235,523	-	2,235,523
Interest	5,339,592	-	5,339,592
Change in benefit terms	-	-	-
Diff between expected/actual experience	(559,889)	-	(559,889)
Changes of assumptions	336,478	-	336,478
Contributions - employer	-	1,633,665	(1,633,665)
Contributions - employee	-	1,143,560	(1,143,560)
Net investment income	-	8,637,102	(8,637,102)
Benefit payments, including refunds of employee contributions	(3,098,949)	(3,098,949)	-
Administrative expenses	-	(44,872)	44,872
Other charges	-	(4,735)	4,735
Net changes	\$ 4,252,755	\$ 8,265,771	\$ (4,013,016)
Balance at 12/31/17	\$ 69,457,428	\$ 67,473,604	\$ 1,983,824

The net pension liability was measured as of December 31, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date and for the year then ended.

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Discount Rate Sensitivity Analysis – The following presents the net pension liability of the County, calculating the discount rate of 8.1%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7.10%) or 1 percentage point higher (9.10%) than the current rate.

	1% Decrease in Discount Rate (7.1%)	Discount Rate (8.1%)	Increase in Discount Rate (9.1%)
County's net pension liability	\$ 11,720,090	\$ 1,983,824	\$ (6,120,840)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2018, the County recognized pension expense of \$ 1,909,073.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

F. Pension Plan (Continued)

At September 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual actuarial experience (net of current year amortization)	\$ -	\$ 912,791
Changes in actuarial assumptions	432,604	-
Differences between projected and actual investment earnings (net of current year amortization)	-	756,857
Contributions subsequent to the measurement date	1,195,178	-
Total	\$ 1,627,782	\$ 1,669,648

\$ 1,195,178 reported as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2018. Other amounts reported as deferred outflows and inflows of resources related to pension will be recognized in pension expense as follows:

Year ending December 31	
2019	\$ 208,994
2020	108,648
2021	(738,801)
2022	(815,885)
2023	-
Thereafter	-

G. Risk Management

The County is exposed to various risks of loss related to auto liability, unemployment and workers' compensation. The County has obtained liability coverage at a cost that is considered to be economically justifiable by joining together with other governmental entities in the State as a member of the Texas Association of Counties Self Insurance Funds (TAC). TAC is a self-funded plan operating as a common risk management and insurance program. The County pays an annual premium to TAC for its above insurance coverage. The agreement for the formation of TAC provides that TAC will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of acceptable risk levels; however, each category of coverage has its own level of reinsurance. The County continues to carry commercial insurance for other risks of loss. There were no significant reductions in commercial insurance coverage in the past fiscal year and settled claims resulting from these risks have not exceeded coverage in any of the past three fiscal years.

Less: Allowance for Uncollectibles	
Taxes	365,670
Fines, Fees and Court Costs	<u>4,732,857</u>
Net Total Receivables	<u>\$ 3,912,273</u>

J. Post-Employment Benefits Other Than Pension Benefits

From an accrual accounting perspective, the cost of post-employment benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future year when it will be paid. In adopting the requirements of GASB Statement No. 75 during the year ended September 30, 2018, the County recognizes the cost of postemployment benefits in the year when the employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the County's future cash flows.

Plan Description

The County provides post-employment benefits for certain employees for current and future health, dental and life insurance benefit expenses through a single-employer defined benefit plan. An annual actuarial valuation is made to determine whether the contributions are sufficient to meet the plan obligations. The latest actuarial valuation was made December 31, 2017. The post-employment plan does not issue stand-alone financial reports.

Plan Participants

Full-time employees of the County who retire after October 1, 2004 are eligible to participate in the retiree health care plan effective the first day of the next month, and will receive a county paid insurance subsidy. Full-time employees of the County who retired prior to October 1, 2004 were not eligible to receive a county paid insurance.

Normal Retirement Benefits

Health Care Benefit Eligibility Conditions

Active full-time Employees must be eligible for retirement under the Texas County and County Retirement System (TCDRS). Such covered employee must meet the County's "rule of 75" requirement of combined years of service and years of age in addition to current guidelines for being vested and qualified to retire from the County. The guidelines to qualify for retirement in force at the time of the covered employee's retirement shall apply.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

J. Post-Employment Benefits Other Than Pension Benefits - (Continued)

Age 60 with 8 years of service;
Any age with 30 years of service;
Rule of 75 (age plus years of service equals 75).

Once a retiree reaches Medicare eligibility, they are no longer eligible to purchase the County's health insurance.

Health Care Benefit Provided by Plan

Member: Under age 65, 100% covered by the County for retirees who retired after October 1, 2004
Spouse: Under age 65, 100% paid by retiree
Dependent: Until age 23 if full-time student, 100% paid by retiree

Early Retirement Benefits

Early retirement benefits are available only if conditions for retirement have been met according to the TCDRS plan – vested and age 60, service time plus age equals 75, or completed 30 years' service time at any age. Eight years of service credit in the TCDRS system are required to vest for retirement and qualify for the County's contribution.

Deferred Retirement Benefits

NONE

Death in Service Retirement Benefits

Spouse and Dependent coverage is available prior to age 65. Retiree, Spouse or Dependent pays 100% of retiree premium.

Disability Retirement Benefits

Same as Normal Retirement

Dental Coverage

Members and spouses retiring with retiree health care benefits are eligible for dental benefits.

Life Insurance

Coverage offered of \$ 2,500 of life insurance. Retirees pay \$ 0.92 per month.

Monthly Premiums

	Employee	Employee & Spouse *
BlueCross BlueShield of Texas (Medical)	\$ 796	\$ 921
BlueCross BlueShield of Texas (Dental)	\$ 26	\$ 53
Lincoln Life	\$ 6	-

* Various premiums are incurred in other categories including child, children and family.

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

J. Post-Employment Benefits Other Than Pension Benefits - (Continued)

Funding Policy and Annual OPEB Cost

The County's annual other post-employment benefits (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameter of GASB Statement No. 75. The ARC represents a level of accrual that, if paid on an ongoing basis, is projected to recognize the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The annual OPEB cost for the fiscal year ended September 30, 2018, is as follows:

Annual required contribution	\$ 1,006,427
Interest on OPEB obligation	268,907
Adjustment to ARC	<u>(663,992)</u>
Annual OPEB cost (expense) end of year	611,342
Net estimated employer contributions	<u>(484,607)</u>
Increase in net OPEB obligation	\$ 126,735
Net OPEB obligation - as of beginning of the year	<u>6,665,441</u>
 Net OPEB obligation (asset) - as of end of year	 <u>\$ 6,792,176</u>

The County's annual OPEB cost, the amount contributed by the employer, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year ending September 30, 2018 and the preceding two fiscal years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Employer Amount Contributed	Percentage Contributed	Net OPEB Obligation
September 30, 2016	1,184,851	529,232	44.7%	5,869,339
September 30, 2017	1,253,482	457,380	36.5%	6,665,441
September 30, 2018	1,317,821	484,607	36.8%	6,792,176

Funded Status

The funded status of the County's retiree health care plan, under GASB Statement No. 45 as of December 31, 2018 is as follows:

Actuarial Valuation Date as of	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Annual Covered Payroll (d)	Ratio of UALL to Annual Covered Payroll (b-a)/d
12/31/2017	\$0	\$11,073,451	\$11,073,451	0.0%	\$15,633,646	70.83%

Under the reporting parameters, the County's retiree health care plan is 0.0% funded with the actuarial accrued liability exceeding the actuarial assets by \$ 11,073,451 at December 31, 2017. As of the most recent valuation, the ratio of the unfunded actuarial accrued liability to annual covered payroll is 70.83%.

Actuarial Methods and Assumptions

The Projected Unit Credit actuarial cost method is used to calculate the GASB ARC for the County's retiree benefit plan. Using the plan benefits, the present health premiums and a set of actuarial assumptions, the anticipated future payments are projected. The projected unit credit method then provides for a systematic funding for these anticipated payments. The yearly ARC is computer to cover the cost of benefits being earned by covered members as well as to amortize a portion of the unfunded accrued liability.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

J. Post-Employment Benefits Other Than Pension Benefits - (Continued)

Projections of health benefits are based on the plan as understood by the County and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the County and its employees to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

Actuarial Methods and Assumptions

Inflation rate	2.50% per annum
Investment rate of return	4.0% per annum, net of expenses
Actuarial cost method	Entry Age Normal Cost Method
Amortization method	Level as a percentage of employee payroll
Amortization period	30 year open amortization
Salary growth	3.0% per annum
Healthcare cost trend rate	Initial rate of 7.50% declining to an ultimate rate of 5.50% after 9 years

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status and the annual required contributions of the County's retiree health care plan are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

K. Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

L. Subsequent Events

The County's management has evaluated subsequent events through May 31, 2019, the date which the financial statements were available for issue.

HUNT COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2018

M. Change in Accounting Principles

Statement 75, Accounting and Financial Reporting for Postemployment Benefits and Other Pensions.

The Statement addresses accounting and reporting for postemployment benefits other than pensions (OPEB). Various standards for recognizing measuring and reporting liabilities, deferred outflows and deferred inflows are implemented to achieve the financial accounting and reporting objectives. Note disclosures and other required supplemental information were expanded to provide additional insight into the financial implications of the OPEB.

Statement 85, Omnibus 2017

The Statement addresses a variety of technical corrections to previously issued statements that were identified during the implementation of the standards. Included are amendments to GASB Statement 75 that enhance the financial reporting requirements.

Note: Only four years of data is presented in accordance with GASB 68, paragraph 138. "The information for all periods for the 10-year schedules that are required to be presented as required supplementary information may not be available initially. In these cases, during the transition period, that information should be presented for as many years as are available. The schedules should not include information that is not measured in accordance with the requirements of this Statement."

* The years above present data for the measurement period ending date. The measurement period represents the period for which the pension plan prepares its reports which provides a 12 month delay for financial reporting in accordance with GASB 68.

HUNT COUNTY, TEXAS
SCHEDULE OF CONTRIBUTIONS
YEAR ENDED SEPTEMBER 30, 2018

	Fiscal Year Ended September 30			
	2018	2017	2016	2015

**HUNT COUNTY, TEXAS
NOTES TO SCHEDULE OF CONTRIBUTIONS
YEAR ENDED DECEMBER 31, 2018**

The following information is supplied to provide additional data for review of the District's pension information.

Valuation Date: Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry age
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	12.2 years
Asset Valuation Method	5-yr, smoothed market
Inflation	2.75%
Salary Increases	Varies by age and service, 4.9% average over career including inflation
Investment Rate of Return	8.0%, net investment expenses, including inflation
Retirement Age	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
Mortality	In the 2015 actuarial valuation, assumed life expectancies were adjusted as a result of adopting a new projection scale (110% of the MP-2014 Ultimate Scale) for 2014 and later. Previously Scale AA had been used. The base table is the RP-2000 table projected with Scale AA to 2014.
Other Information:	There were no benefit changes during the year.
