VFD PROPOSAL

I propose the purchase the purchase of the following items with the use of Hunt County CARES funding to aid our 11 volunteer departments and Commerce FD in responding to COVID-19 incidents.

First I propose the purchase of 5 Self Contained Breathing Apparatus (SCBA), 5 SCBA masks and 10 4500psi 45 minute air cylinders for each of our 11 VFDs and Commerce FD. Commerce FD will defer a bit as they will need a different model Scott SCBA to conform with their current set up, but these can be easily adjusted to suffice that. The SCBAs provide unmatched respiratory protection allowing responders to breath clean air through a pressurized system not exposing them to the respiratory spread/hazards of COVID while dealing with COVID positive or potentially positive patients. The SCBA mask for each unit encapsulates the entire face as well, preventing potential droplet spread through eyes, mouth or nose. Each pack will require 1 air cylinder for operation and 1 spare cylinder so that on extended scene time the personnel can change to a full cylinder and continue to operate. Attached is a quote from and HGAC vendor to equip 1 FD this quote would be multiplied by 12 to equip all VFDs and Commerce FD along with a Standard Operating procedure for their use. With a lifetime warranty and modern standards these units will be able to serve Hunt County many years into the future

Secondly I would like to propose the purchase of a LUCAS 3 CPR device package. This device would allow personnel to administer effective CPR while limiting patient contact and exposure as much as possible. These devices have a higher success rate of adequate CPR than the average responder can do themselves as well as minimizing the manpower needed to complete this task. Attached you will find a quote from a sole provider of this unit to equip 1 VFD this quote would be multiplied by 11 to equip all VFDs, Commerce already has 2 devices and states they do not need anymore. With warranty and maintenance plan included these units will be able to continue to serve the citizens of Hunt County for many years.

I contacted Greenville FD and they will be pursuing their own projects with the City's funding.

I appreciate your consideration of the purchase of these items to aid in the health and safety of our responders and citizens of Hunt County. If any additional information is needed please let me know.

2nd e-mail forwarded from Commerce:

Attached is a quote detailing what pack Commerce currently uses. We would ask that any new packs be this type to match up with existing equipment. I know the plan was to purchase SCBA's and Lucas devices, but we do not need the Lucas machines. Our needs would be greater met if we got extra SCBA's instead.

Thanks
Chief Bassham

Hunt County Fire COVID-19 Standard Operating Procedure		
	SOP: Self Contained Breathing Apparatus	
	SOP Number: 101	
	<table border="1"> <tr> <td>Original Date: 10/10/2020</td> <td>Expiration Date: None</td> </tr> </table>	Original Date: 10/10/2020
Original Date: 10/10/2020	Expiration Date: None	

Purpose:

To protect Fire Department first responders against contracting COVID-19 through respiratory and droplet infection.

1. On all positive/potential COVID-19 patients FD responders shall don all appropriate infectious disease PPE along with SCBA and SCBA face piece prior to entering the scene and/or initiating patient contact.
2. Once patient treatment is finished the SCBA and face piece shall be removed with use of proper PPE, sterilized and returned to service for use.
