2021 ANNUAL ROAD REPORT

FILED FOR RECORD
at 1:22 o'clock P M
JUL 13 2021
By JENNIFER LINDENZWEIG
County Clerk, Hunt County, TX

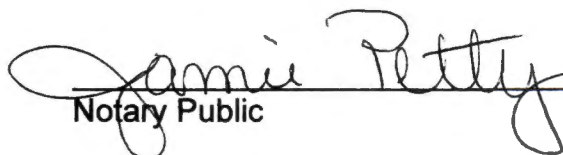

1. Condition of each road, culvert and bridge in the precinct:
 - a. **Culverts:** The majority are in good condition. Approximately 15-20% are in need of replacement or drainage along County Roads would benefit from replacement.
 - b. **Bridges:** All are in good condition except for the bridge on CR 1031, which is scheduled to be replaced by TxDOT this year, weather and conditions permitting.
 - c. **Roads:** 236.459 total miles of roads. 52.323 are dirt, 129.832 are rock, and 53.144 are oil sand. Most roads are in good condition (with regular maintenance) but are being pressured by increased traffic as a result of development. Many rock roads needs to be upgraded to oil sand to accommodate additional traffic.
2. Amount of money necessary for maintenance of the precinct roads during the next fiscal year: \$3 million.
3. Number of traffic control devices in the precinct defaced or torn down: There are numerous traffic control devices down or missing due to vandalism or theft.
4. Any new road that should be opened in the precinct: None at this time.
5. Any bridges, culverts or other improvements necessary to place the precinct roads in good condition and the probable cost of the improvements: None at this time.
6. Primary cause of any road, culvert or bridge degradation if reasonably ascertained: Significant development and a resulting increase in habitation has significantly increased traffic by residents' vehicles and heavy vehicles that provide service and delivery to the new residences. Initial construction of new residences in particular causes much damages to roads that needs to be repaired to maintain good condition. Additionally, there is a continued increase in "cut-through" traffic on roads that are not designed to facilitate a heavy traffic load. Additionally, significant new development has contributed to challenges with achieving proper drainage along county roads, creating a need for additional maintenance, repairs, and engineering.

Submitted by the undersigned on June 30, 2021

Hunt County Commissioner Pct. 1

Subscribed and sworn to, before me, the undersigned authority, on this day of
June 30, 2021.

2021 ANNUAL ROAD REPORT

1. Condition of each road, culvert and bridge in the precinct:

Culverts Mostly in good condition. There are approximately 4,200 Culverts in Pct 3. Replace as needed.

Bridges Good Condition. Two bridges Built past 6 Months CR 3512 \$61,425, Old yoda Construction and on CR3131 \$65,000.00 - Bridge on County Road 3110 Repair Cost. 13,978.57

Roads Approximately 322 County Maintained Roads. Total 254,457 Miles - Dirt 21,487 Miles³ Rock 103,411 Miles³ Oil Seal 108,354 Miles - 21,176 Mi seal coat Asphalt concrete

2. Amount of money necessary for maintenance of the precinct roads during the next fiscal year: My opinion a budget of approximately 3.5 billion dollars, however we use what's available, Budget is still being considered for 2022

3. Number of traffic control devices in the precinct defaced or torn down: There are numerous traffic control devices down or missing due to theft.

4. Any new road that should be opened in the precinct: None at this time. We as a Commission's Court have to work within our budget.

5. Any bridges, culverts or other improvements necessary to place the precinct roads in good condition and the probable cost of the improvements: Culvert - 30,000. Replace Culvert on CR 3408 with 245t Bridge \$65,000

6. Primary cause of any road, culvert or bridge degradation if reasonably ascertained: Increase population. Increase traffic - Heavy Equipment. New Residential Plots
