Judge Stovall,

I am sorry about the timing of this but I have managed to get an office for my court reporter here on the third floor and she needs some furniture for it. The total amount for all of the furniture would be approximately \$2,145.00. I am requesting approval of this amount and a budget transfer into the office equipment line item if approved by the Commissioner's Court. This would obviously be a one-time expense, not recurring.

I have include the auditor in this email.

Please let me know if you have any questions or if there is anything else I need to do.

Andy Bench
