The County will invest according to investment strategies for each fund as they are adopted by Commissioner’s Court resolution in accordance with 2256.005(d).

**SAFETY AND MAINTENANCE OF ADEQUATE LIQUIDITY**

Hunt County is concerned about the return on its principal; therefore, safety of principal is a primary objective in any investment transaction.

The County’s investment portfolio must be structured in conformance with an asset/liability management plan which provides for liquidity necessary to pay obligations as they become due.

## **DIVERSIFICATION**

It will be the policy of Hunt County to diversify its portfolio to manage the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer or a specific class of investments. Investments of Hunt County shall always be selected that provide for stability of income and reasonable liquidity.

## **YIELD**

It will be the objective of Hunt County to earn the maximum rate of return allowed on its investments within the policies imposed by its safety and liquidity objectives, investment strategies for each fund, and the state and federal law governing investment of public funds.

## **MATURITY**

Portfolio maturities will be structured to meet the obligations of Hunt County first and then to achieve the highest return of interest. When Hunt County has funds that will not be needed to meet current-year obligations, maturity restraints will be imposed based upon the investment strategy of each fund. The maximum allowable stated maturity of any individual investment owned by Hunt County is thirty-six (36) months.

## **QUALITY AND CAPABILITY OF INVESTMENT MANAGEMENT**

It is the County's policy to provide training as required by the Public Funds Investment Act, Sec. 2256.008 and periodic training in investments for the County Investment Officers through courses and seminars offered by professional organizations and associations in order to insure the quality, capability and competency of the County Investment Officers in making investment decisions.
