We understand the attached entries were created by Rutherford, Taylor & Company, P.C. to adjust our general ledgers to reflect financial position and results of operation for the year ended September 30, 2023 in accordance with generally accepted accounting principles as they relate to governments. Many of the adjustment convert our cash basis general ledger to reflect the modified accrual basis of accounting as required by U.S. generally accepted accounting principles. We have reviewed the adjustments, discussed the reasons for the adjustments, and agree with their posting to our general ledger. These adjustments will be posted to our general ledgers to provide accurate financial records moving forward into future fiscal years. In addition, the government wide adjustments have been presented and reviewed to ensure they meet the necessary adjustment to reflect full accrual accounting in accordance with the government-wide financial approach. We approve they be recorded to adjust our modified accrual basis financial statements.
