Temporary Closure of Hunt County Road 4812

Greetings,

Kinder Morgan North Texas Pipeline Company (KMNT) is requesting permission to temporarily close Hunt County Road 4812 from November 1, 2024 to November 16, 2024 in order to transfer high pressure natural gas from one existing pipeline to another. This will be done in order to conduct maintenance work on the now gas free pipeline. This gas transfer will be performed by several compressor trucks that will be located at the KMNT valve site located adjacent to CR 4812 (as shown on the attached maps). KMNT feels that the road needs to be shut down to the public while this high pressure gas transfer is being conducted for safety reasons.

If you have any questions, please feel free to contact me anytime.

Sincerely,

Tracy Durham  
 Right of Way Agent
