TEXAS ASSOCIATION of COUNTIES

Cybersecurity Course Enrollment Form for Counties

Texas Government Code § 2054.5191 requires all county employees, elected officials, and appointed officials who have access to a local government computer system or database and use a computer to perform at least 25 percent of their duties to complete an annual cybersecurity training that has been certified by the Texas Department of Information Resources (DIR).

In response to the cybersecurity training mandate and in furtherance of our continued commitment to our county family, TAC is offering a cybersecurity course that has been certified by DIR and fulfills the requirements of the law. This course is available to counties for an annual fee of \$5 per enrolled user. Please note that TAC will not be responsible for monitoring, enforcing, or reporting course completion - this will be performed entirely within your county.

Should your county choose to participate in TAC's cybersecurity training program, **please have your Commissioners Court approve your county's participation and complete the enclosed form and return it via email to SecurityTraining@county.org** or fax to (512) 477-1324. For more information about the underlying legislation and TAC's cybersecurity training course, please visit county.org/cybersecurity.

Your course administrator will receive an email notification when your county is enrolled. Counties are required to report their compliance with the mandate by August 31, 2025. Enrollment is available on a rolling basis through July 31, 2025.
