Services	qty	unit price	amount
Install Customer Supplied Grease Trap	1.0	\$16,000.00	\$16,000.00
Cut through concrete around existing grease trap with concrete saw. Once cut all concrete will be removed and disposed of. Existing grease trap will be removed with excavator. Dig out all contaminated dirt to be disposed of in provided location. Once gravel has been delivered and properly bedded in hole grease trap will be lowered in place. Connect 6-in PVC drain line into inlet side of trap. Install test well or sampling port to facilitate proper testing as per state code. Connect outlet line & test system. After test gravel will be bedded in around trap and remaining dirt will be back filled. All materials to be provided by Hunt County maintenance department.
