& Programming

Q3 PREVENTION HIGHLIGHT

This summer, the Boys & Girls Clubs of Northeast Texas served Hunt County youth with evidence-based, trauma-informed programming that built resilience, creativity, and connection. As we begin the 2025–2026 school year, our focus is Serving All, No One Left Behind, ensuring every child feels valued and supported. Our Smart Moves program continues to grow, strengthening family engagement and teaching youth the life skills they need to thrive. Through mentor matches and empowering peer relationships, we provide a safe and inclusive space where belonging is fostered and futures are created.

100% of youth participated in S.M.★.R.T. moves CORE
