SYNOPSIS OF SEIZURE

On Monday, February 16, 2026 I received a call from a local catfish guide, Marty McClellen. He told me that he had found a kayak floating in Lake Tawakoni near Finger Point with a paddle, but no occupant. We had recently had a significant rainfall and it isn't unusual to find small vessels floating free after the lake level rises. I retrieved the kayak from Mr. McClellen and informed the Hunt County dispatch in case the owner called missing it. I stored the kayak at our boat barn in the interim.

Kayak is Pelican brand, approximately 10 feet in length, light blue on top and white on bottom, single seat. Vessel's HIN is ZEP20562A424. Manufactured in 2024.

As of April 21st, 2026 no owner has been located. As the kayak was not required to be registered the vessel's HIN is not located in TPWD's database. The vessel will be turned over to Hunt County's Purchasing Agent on April 24th, 2026 in accordance with CCP Article 18.17 Abandoned Property.
