**UNDERGROUND FIBER OPTIC INSTALLATION FOR AERO VISTA AND SKY VIEW RANCH DEVELOPMENTS.
WO#FO26-036**

Greetings,

Peoples Communications Inc. is requesting permission to do underground work within the county right-of-way along County Road 2626, 2617, and 2616. Proposed underground work is for the installation of fiber optic facilities to provide internet access to Aero Vista and Sky View Ranch developments. This distribution line will also be used to feed the upcoming Preserve at Brushy Creek development.

Overall site location map and segmented maps are included for review.

We are aware that County Road 2616 is unpaved, if permit does get approved, we plan to survey property lines/easements to make sure they are not encroached.

If you have any questions, please contact me at any time.

Sincerely,

Josue Rodriguez
